**ADVENTURE**

**EDITION 6**

**LILY'S TREASURE HUNT**  
ON THE SCHYNIGE PLATTE

+ fun puzzles and drawing activities,  
and a funny adventure

Hello,  
I'm Lily!

**Welcome to the  
Jungfrau Region.**

I'm so glad that you're visiting me in the beautiful Jungfrau Region. There are so many different things that you can do here. You can go on nature trips, discover hiking trails, whizz down the mountain with the First Mountain Cart or watch

beautiful butterflies and bees drinking sweet nectar from the blossoms. Here in the mountains, you won't ever get bored, and there's plenty of cool adventures to be had with your family.

On the Schynige Platte, which is where I call home, I like to look at my photos in the evening and dream of the adventures that await me and my friends the next time we meet in the Jungfrau Region.

Nature is a wonderful thing! I enjoy being in the outdoors, though I'm amazed at what some people leave behind. But I know that you take care of animals and nature and, just like me, everything that doesn't belong in the fields and meadows you take back home with you.

In this edition of the magazine, you'll find another of my adventures, of course, along with plenty of fun puzzles and activities.

I'm very happy that you're here.  
Have lots of fun exploring my home!

Your

*Lily*

Ready, steady, go...

**Yahoo ... this is fun!**

Lily whizzes down the mountain roads with the First Mountain Cart. It's so cool! Would you like to colour the picture in?

## What doesn't belong in a meadow?

Lily loves to wander through the fields and meadows and visit her friends. But some things don't belong in a meadow and can even be dangerous for animals. **Cross these things out.**

### Are you environmentally friendly?

If you find things that don't belong in nature, please take them with you and throw them into the bin. Thank you, you're great!

## Lily's Treasure Hunt

Do you love solving puzzles as much as I do? Great! Because you can go on the exciting treasure hunt trail on the Schynige Platte again this year. And what's more, there are lots of new puzzles to solve.

### HOW DOES THE TREASURE HUNT WORK?

On the Schynige Platte, there are **9 treasure hunt posts** along the hiking trail. The start is at the photo point. At each post, you have to **solve a puzzle** in order to find the **correct letters for the solution word**. Write each letter in the box that corresponds to the number of the post on the **"Treasure map"**. You can find this on the next page. The last post is at the Schynige Platte Panorama Restaurant. Once you have found the solution word, you can pick a **treasure item from the treasure chest** and drop your entry form into the **competition box**. By doing so, you will take part in a great prize draw.

If you have any questions, simply ask the Schynige Platte staff. They will be more than happy to help you.

Jamadu and I wish you lots of fun and success!

### Get to know me!

Sometimes I'm on the Schynige Platte in person. I look forward to meeting you up there too.

For more information about me, go to: [jungfrau.ch/lily](http://jungfrau.ch/lily)

# Lily's TREASURE MAP

## WHAT DO YOU DO NEXT?

1. You show the solution word in the Schynige Platte Panorama Restaurant, where you can then choose a **piece of treasure from the treasure chest**.
2. Afterwards, you can **drop your entry form into the competition box** and so take part in our prize draw.

## ENTRY FORM

### Solution word

Enter the correct letter in the box that corresponds to the number of the post. 

9	7	4	1	
5	2	6	3	8

### Your details

First name \_\_\_\_\_

Surname \_\_\_\_\_

Street \_\_\_\_\_

Postcode/Town or city \_\_\_\_\_

Country \_\_\_\_\_

E-mail \_\_\_\_\_

Age \_\_\_\_\_

I'd like to stay in touch with Lily

If you would like to send in your answer, you can do so by post to: Jungfrauabnen, Direktion, Harderstrasse 14, 3800 Interlaken or by e-mail to [lily@jungfrau.ch](mailto:lily@jungfrau.ch).

**A prize draw will be held every month.**

Winners will be notified in writing. No correspondence will be entered into with regard to the prize draw. There are no cash alternatives. All decisions are final.

# Lily fan merchandise

- JungfrauJoch - TOP OF EUROPE ◦ Grindelwald-First
- Grindelwald Terminal ◦ Flagship Store Interlaken

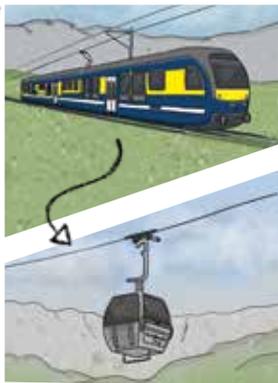

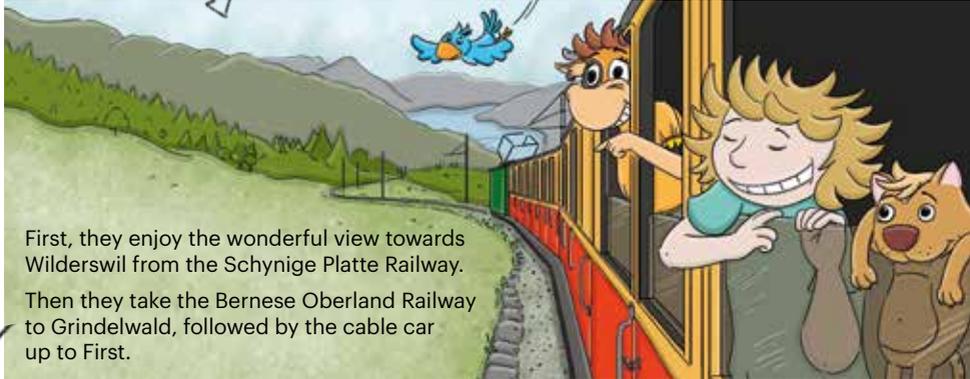

# Lily COMIC

## Chaos in the meadow

Everything is packed for an exciting day of hiking. Lily and her friends drink some hot chocolate on the terrace of the Schynige Platte before setting off on their adventure.

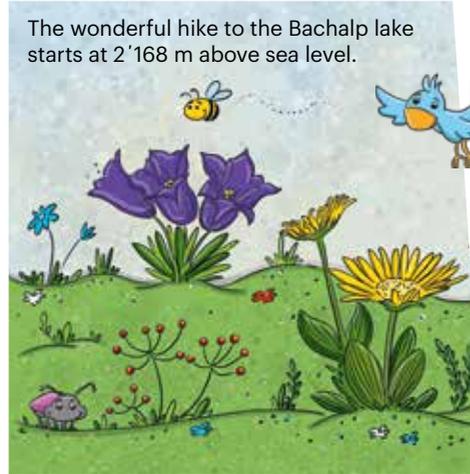

First, they enjoy the wonderful view towards Wilderswil from the Schynige Platte Railway. Then they take the Bernese Oberland Railway to Grindelwald, followed by the cable car up to First.

Wow, that's beautiful!

The wonderful hike to the Bachalp lake starts at 2'168 m above sea level.

After about an hour, they arrive at the lake and enjoy a tasty picnic.

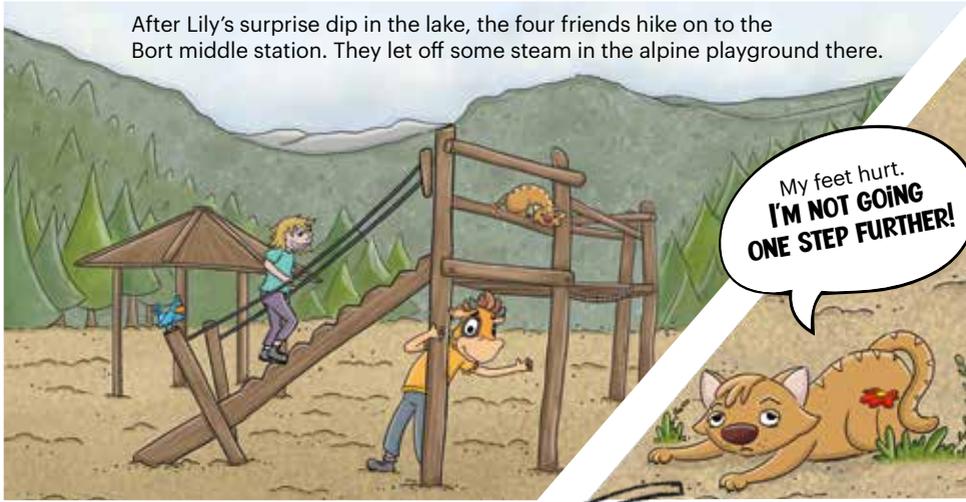

After lunch, the friends relax by the beautiful Bachalp lake and enjoy the view.

SPLASH!

After Lily's surprise dip in the lake, the four friends hike on to the Bort middle station. They let off some steam in the alpine playground there.

My feet hurt.  
**I'M NOT GOING ONE STEP FURTHER!**

**Lily has an idea:** She rents trottibike scooters for all the friends and they race down the mountain road on them.

**Whoa, careful!**  
Lily slams on the brakes.

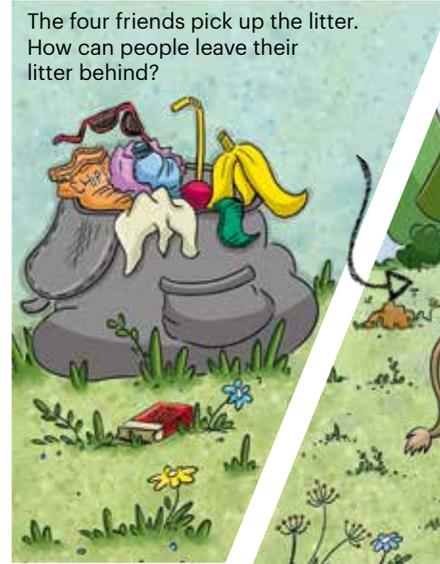

**WHAT CAN THE MATTER BE?**

Lily sees that the cows are really confused and notices that there's a lot of litter lying on the road and in the meadow.

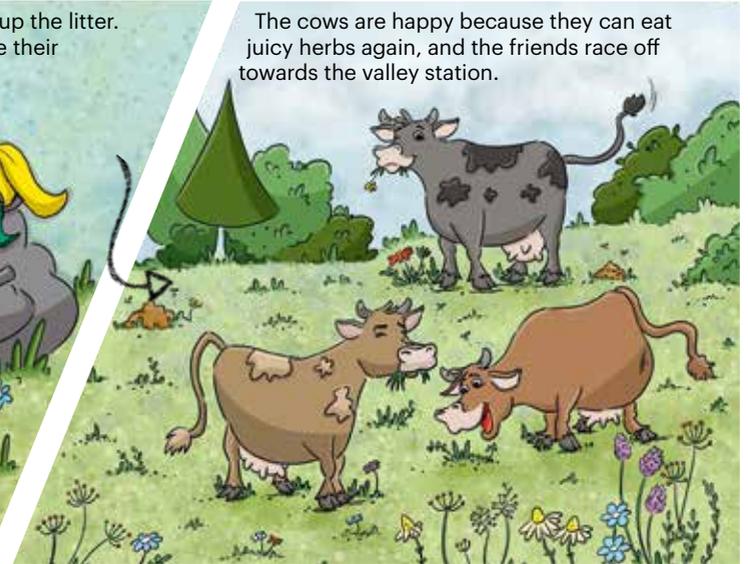

It can be really dangerous for animals.

The four friends pick up the litter. How can people leave their litter behind?

The cows are happy because they can eat juicy herbs again, and the friends race off towards the valley station.

What an exciting day that was! The litter in the meadow worries Lily though. So once they are home the friends make something very special.

The next day, they put up what they have made and are overjoyed that the guests are now taking their rubbish with them.

**THE END**

## Are you a little maths genius?

Well, this is pretty tricky. Why when you add 3 bunches of grapes together do you get 30? Each fruit stands for a number. Work out what the number is and then solve the two problems.

$$\text{3 bunches of grapes} = 30$$

$$\text{3 flowers} = 60$$

$$\text{1 bunch of grapes} + \text{2 lemons} = 18$$

$$\text{1 flower} + \text{2 tulips} = 30$$

$$\text{1 lemon} - \text{1 strawberry} = 2$$

$$\text{1 tulip} - \text{1 daisy} = 2$$

$$\text{1 strawberry} + \text{1 bunch of grapes} + \text{1 lemon} = ?$$

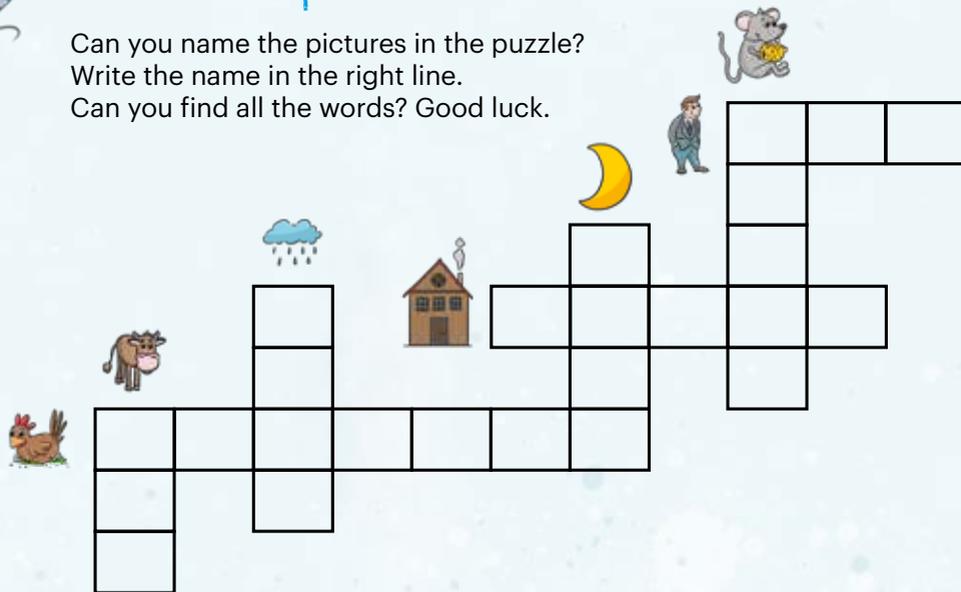

$$\text{1 daisy} + \text{1 flower} + \text{1 tulip} = ?$$

Solution: 16 / 28

## Crossword puzzle

Can you name the pictures in the puzzle?  
Write the name in the right line.  
Can you find all the words? Good luck.

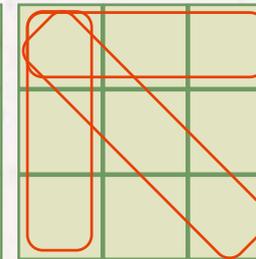

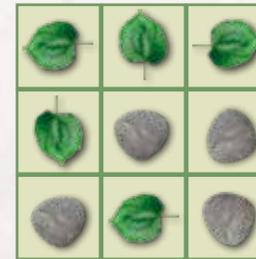

Solution: Chicken, cow, rain, house, moon, Man, mouse

## Three wins!

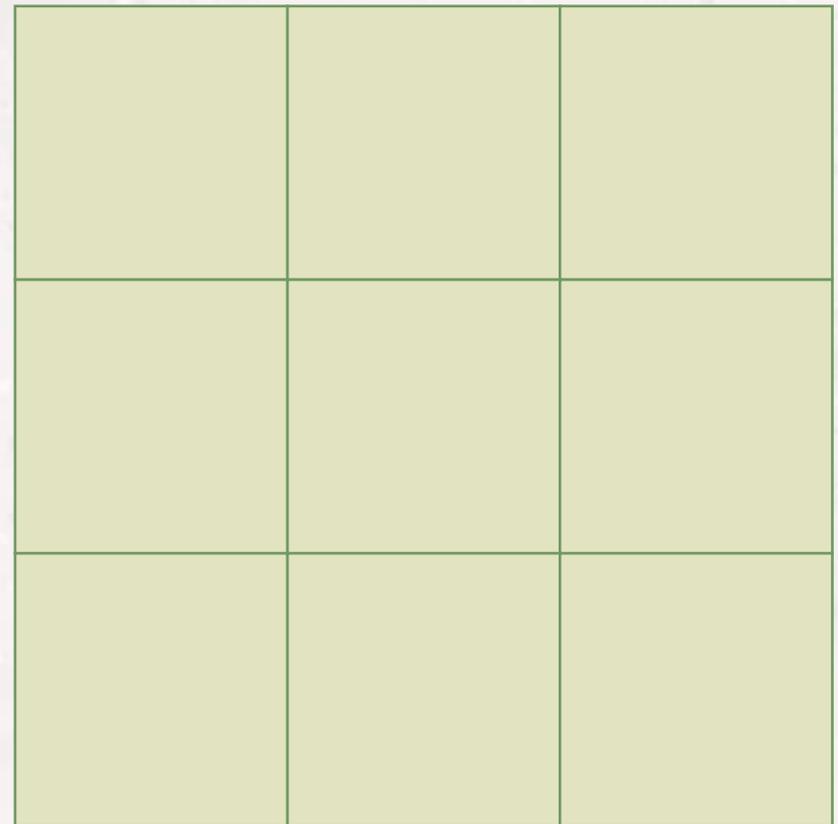

### Playing with objects from nature.

Find 2 x 5 identical or similar things. For example, 5 stones and 5 leaves. The first player places their stone on a square. Then the second player takes their turn and places their leaf on a different square. Whoever forms a row of 3 stones or leaves wins.

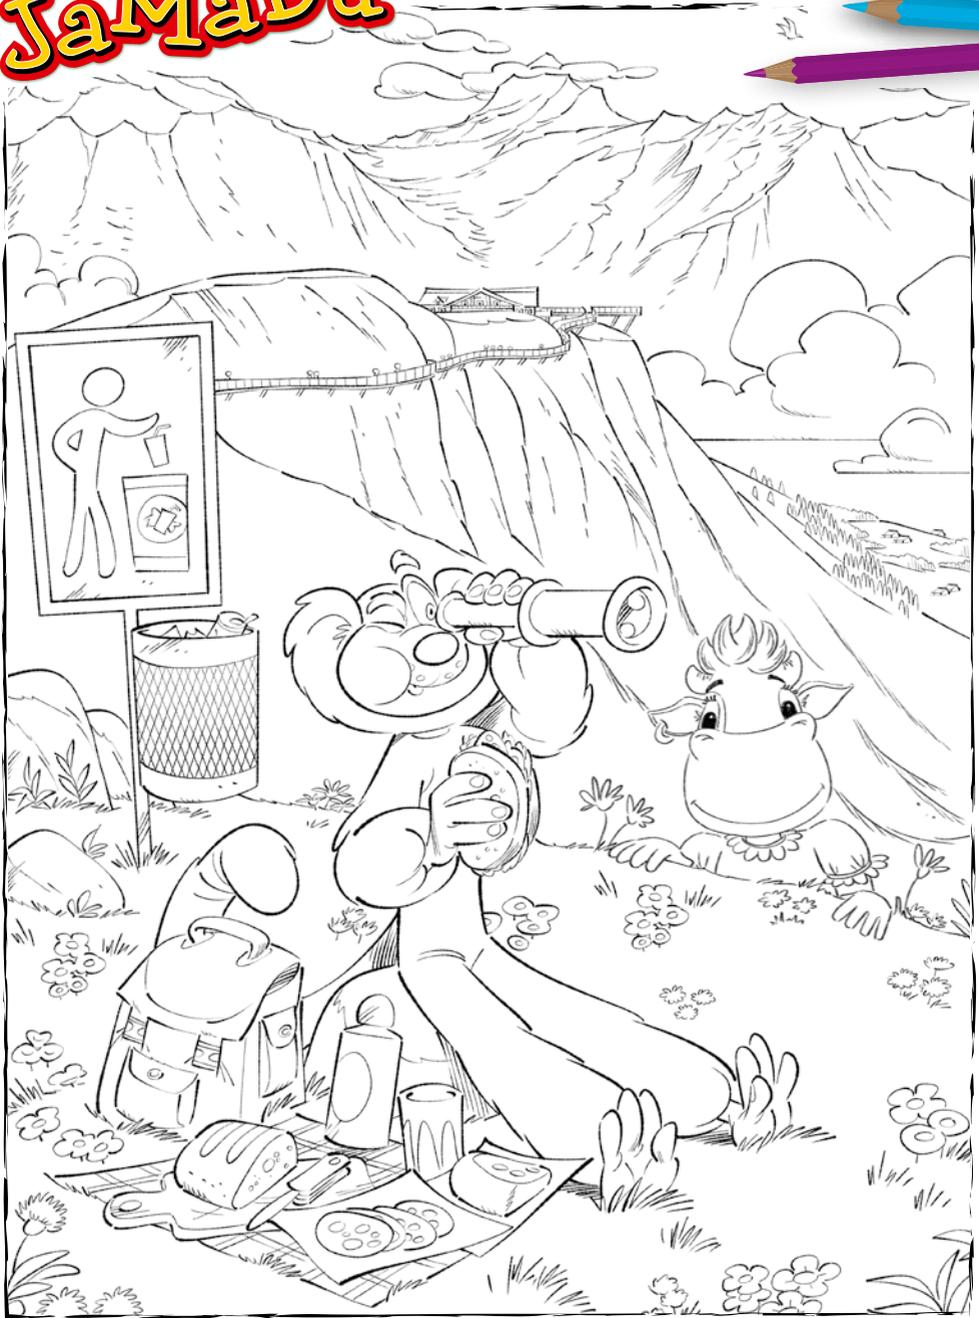

Good luck!

Possible winning rows.

# JaMaDu

Lily and her friend Jamadu are having a picnic after a hike.  
Have fun colouring in the picture!
